Mr. Frovik's Kindergarten News

jfrovik@isd622.org - 651-748-7123

We have had a wonderful and busy first week of school! Below are just a few of the things that we have accomplished during our first week of kindergarten.

WEDNESDAY

- We got to know our new school by taking tours of the diner and playground.
- We began our reading workshop by looking for books that “jumped out” at us.
- We learned how we take care of crayons at Webster school, and we drew a picture of what we looked like on our first day of kindergarten.

THURSDAY

- We had a fire drill right away in the morning, and we did a great job exiting the building safely.
- We continued our reading workshop by looking for treasures in our book bins.
- For math, we read the book Anno's Counting Book.

FRIDAY

- We had our first all-school morning meeting in the gym.
- We continued our reading workshop work, and read our book of the month, Think Big!
- We continued our math work by beginning math centers.

WEBSTER FOLDERS

Because there is so much to do, the first week of kindergarten is challenging. However, within the next week, we hope to establish a solid routine with our Webster folders each day. We ask that you are patient with us as we establish our routines at school, and we ask that you are consistent with helping your kindergartner check his/her backpack for his/her Webster folder each night. This is the best way for us to communicate with you, and it is a good opportunity for our kindergartners to build responsibility as well!

Look for this Panda on your kindergartner's Webster folder!

RIGHT HAND AWARENESS

This week we have been working on developing an awareness of our right hand. Even for students who prefer to use their left-hand, this is an important step in developing a strong understanding of direction. Please encourage your kindergartner to practice identifying his/her right hand at home!
