

Mrs. Lipps' News

FOR THE WEEK OF: October 26 – 30

Tel: (651)-748-7168 E-Mail: mlipps@isd622.org

Spelling focus: Words that have the sound found in "harm"

| | | |
|-------------------|-------------------------|--|
| October 26 | Day 2 - MONDAY | Phy. Ed. |
| October 27 | Day 3– TUESDAY | Math Academy |
| October 28 | Day 4– WEDNESDAY | Music |
| October 29 | Day 5– THURSDAY | Phy. Ed. Library/Computer Lab |
| October 30 | Day 6– FRIDAY | Reading Academy |

FYI: NO SCHOOL Friday October 23. We have conferences all day.

Important Information:

Harvest Moon Dance – Friday, October 30, 6 -8: Information about the dance and volunteering for the dance is in the main hallway during conferences. This is a fun community event for our Webster families and friends.

Home Town Creamery: The 4th grade teachers will be scooping ice-cream from 5:30 – 8:00 on Tuesday, October 27. Come and enjoy a homemade treat. Webster receives 10% of all sales.

Dear 4th grade families,

Thanks to those families that came to conferences on Tuesday night. I had 8/8 of the conferences show. I appreciate your effort in getting to school to discuss your child's progress so far in 4th grade. This is an opportunity for me to see what your goals or concerns are for your child's social and academic growth. I'm looking forward to seeing the rest of my families on Thursday night or Friday. Please call if you will not be able to attend. We can find another time to meet.

We are wrapping up our first writing unit on Friday, October 30th. The kids will have the opportunity to get together as a grade level and read their small moment stories to other 4th graders. This provides the chance for your child to hear positive remarks about their writing. They will bring it home to share with you the first week of November.

We are moving into geometry concepts for our next math unit. The unit we just finished challenged the kids with lots of new/extended concepts. Keep in mind that the homework that is sent home should be an easy review/practice for your child. They are becoming more confident in their facts and problem solving skills. The comments about not knowing how to divide have almost disappeared. I hope you have seen this growth at home as your child is going through their work.

Thanks again for coming in to conference about your child. I have enjoyed meeting you and sharing the positive growth I've seen in your child.
